

All
Children

```
graph TD; A[All Children] --> B{Trisomy 21?}; B -- Yes --> C[Down Syndrome]; B -- No --> D[No Down Syndrome];
```

A flowchart illustrating the identification of Down Syndrome in children. It begins with a purple rectangular box at the top labeled "All Children". A downward arrow leads from this box to a gray diamond-shaped decision box labeled "Trisomy 21?". From the left side of the diamond, an arrow labeled "Yes" points to a red rectangular box labeled "Down Syndrome". From the right side of the diamond, an arrow labeled "No" points to a blue rectangular box labeled "No Down Syndrome".
